To Clean Satin Slippers—Few Hints by the Cook—How Ty phoid Is Contracted—To Mend Celluloid—Recipe for Cheese Rings-Latest Cretonne Novelty-To Wash Silk Rompers.

THE WOES OF MRS. NEWLYWED

'My satin slippers are very dusty and dirty looking. Can they be fresh-ened in any way?" asked Mrs. New-

Brush them well with a soft brush and then rub with methylated spirits, using a soft piece of fiannel," replied Mrs. Neighbor.

Small pieces of felt used to cover the bottoms of chair legs will prevent the wood from scratching the varnished floor, says Cook. Glue the felt to the bottom of the legs. A small flat headed tack, if deeply imbedded in the felt will assist in hold-ing it in place, though the tack must touch the floor. There are small rubber caps which are corrugated and can be purchased at furniture stores

for the same purpose.

For washing windows use a piece of chamois. A little ammonia in a pailful of water is all that is neces-The chamols will wash the glass and then wipe it dry, leaving no lint. Every one who washes windows knows the bother of using several different cloths—the wet cloth, the dry cloth and the polishing rag. Wrung dry, the chamois is an excellent dusting cloth, and for cleaning woodwork it has no equal. Picture frames and looking glasses are improved by its use.

Only one kind of germ can cause typhold fever, says Nurse. Before this typhoid germ can induce disease it must be swallowed into the stomarch and pass the intestines. This is how we know that every person who contracts typhoid has previously swallowed food or water which has in Often too the disease is spread by

contaminated milk. No person who is attending a typhoid patient should be permitted to have anything to do with the care of the milk, nor with Do not the preparation of meals sewage mix with surface soil nor seep into wells, springs, creeks or riv-

There is another way to protect one from typhoid fever—be vaccinated by your family physician. The practice is safe, simple and sensible persons take this precaution before they go on journeys where they will have to drink water from strange

TO MEND CELLULOID. One authority says that the best way to make two broken edges of celluloid adhere is to moisten the

edges with glacial acetic acid and hold them together for a few min-utes until they adhere and the acid

CHEESE RINGS. Use one jar of cream or pimento Beat this together with a little cream, a few nuts and a pinch of salt. Cut the top off a medium-sized pepper and fill it with the mix-ture. Let it stand for an hour or so. until the cheese is firm enough, then cut it down in thin slices. pepper rings are very attractive and garnish salads and meat dishes won-

CRETONNE HANDBAGS. There is a rage for things made of cretonne not cushions and slips to cover chairs and curtains, but things

One of the latest cretonne novel one of the latest cretonic nover-ties is the cretonic handbag. It is not necessarily cheap, as the fabric from which it is made might make one think it is. For it is made and mounted in an expensive as well as in a cheap way. The expensive mount shows a silk lining and a substantial metal frame of good quality, and this sort of handbag can be appropriately carried with the most elaborate lingerie frock. The cheap-er cretonne handbag is also pretty with lingerie frocks, especially at the seashore or in the country.

WASH SILK ROMPERS. For the very small child an admir-able everyday costume is a pair of rompers. And now for the mother who does not wish to put her baby into ordinary gingham rompers, there comes an edition de luxe of this most practical garment in the form of wash silk rompers. They are made of thin white wash silk, with scalloped collar and cuffs.-New York Times.

Next Monday morning, at 9:30 o'clock, at the Orpheum theatre, The Standard subscribers will meet and give away five round-trip railway tickets to San Diego and San Francisco and return. You subscribers better think just how you are going to do it.
Will you vote by ballot? Or will you
draw straws?
